Department of Geography
in collaboration with IQAC celebrates
“**Earth Day**”

A Poster / Slide Presentation Competition

22.4.2024

Department of Geography

12 noon

**Azad Hind Fouz Smriti Mahavidyalaya
Domjur, Howrah**

Earth Day was first held on April 22, 1970 and is now an annual event to show support for environmental protection. The official theme for 2024 is “Planet vs. Plastics.”

Unlike other materials, plastic does not biodegrade. It can take up to 1,000 years to break down, so it builds up in the environment until it reaches a crisis point. This pollution chokes marine wildlife, damages soil and poisons groundwater and can also cause serious health impact. This theme – Planet vs. Plastics – brings together countries, governments, business organizations and NGOs and individuals, in a commitment to end the use of plastics for the sake of human and planetary health, demanding a 60% reduction in the production of plastics by 2040 and an ultimate goal of creating a plastic-free future for generations to come.

The **Department of Geography** in collaboration with the IQAC will organize a Poster / Slide Presentation Competition to celebrate ‘*Earth Day*’ on 22 April, 2024. The theme of the competition is – ‘**Save the Earth**’.

Points to Note:

- All students of the college may take part in the Poster / Slide Presentation Competition
- The participant may present one Poster in colour or black & white
- The Slide Presentation (PPT) will have a maximum of 10 slides
